## **Rittman Academy Annual Report 2018-19**

### **Mission Statement**

Our mission is to enhance and facilitate student learning by utilizing an educational model that combines state-of-the-art digital curriculum and instruction with access to local school resources to complement that instruction and prepare students to become life-long learners and productive citizens.

### **Our Program**

The Rittman Academy was established in 2006 to meet the needs of students that “traditional school” was not working for. The Rittman Academy serves a student population of grades 9-12. Many of our students enter our school being considered “at risk”, due to be credit deficient based upon grade level/age.

Our students are on a 6 hour school day. Students are expected to be in our classrooms the entire 6 hours on any day school is in session. There are some options for credit flex hours. Those can account for seat time as well as academic credit. These must be arranged in advance and verified to relate back to academic goals and standards.

The curriculum is computer based and aligned to the standards set by the state of Ohio. The software is provided by Peak and is called FuelEd.

Our staff of highly qualified teachers work with our students on an individual basis to assist them in achieving academic success.

### **Academic Goals**

Ultimately, the goal is for all our students to earn a high school diploma. This might come directly through the Rittman Academy or by attending the Wayne County Schools Career Center and learning a trade.

In addition to making consistent and steady progress in coursework, students will learn discipline, social skills, responsibilities, etc. needed to become productive in the workplace.
